Save the date for nutritionDay 2014:

6. November 2014

ESPEN Congress 06-09. September 2014

Abstracts about your nutritionDay results can be submitted for this year's ESPEN congress. Use this opportunity to present your nutritionDay data and to share experiences with colleagues.

Deadline: April 4th 2014

Register here: <https://b-com.mci-group.com/AbstractSubmission/ESPEN2014.aspx> .

For programme Day – by – Day visit <http://www.espen.org/geneva-2014/programme-day-by-day>

Enter ICU data

Don't forget to enter your ICU data! Deadline was extended until **the 30th of March!**

nutritionDay certificates for non-ICU hospital wards and nursing homes

Participants of nutritionDay in hospitals have the possibility to receive a certificate for successful participation. Get your certificates now!

For nursing homes the certificates will be available after outcome data entry.

To download your certificate please follow the link: http://149.148.226.52/13_nd/ (nutritionDay Website www.nutritionDay.org → data → the database 2013 for nutritionDay in **Hospitals**). Log in with your username and password, complete the questionnaire, click on "certificate" and follow the step-by-step guide.

Reports

Please observe the following limits for report receipt:

- unit reports for all settings: at least 8 patients/residents
- oncology report: at least 1 oncology patient

Update Data Entry

All patients present on the ward on nutritionDay have to be entered into the online database therewith shall receive an individual ID. For patients without signed "informed consent" a "-" (minus) shall be entered in all mandatory fields. All other fields shall be left blanc.

New nutritionDay protocol

An updated version of the nD protocol is available on the nutritionDay website

http://www.nutritionday.org/uploads/media/nutritionDay_in_hospitals_protocol_long_English_2013_01.pdf
